To the family and friends of Dental Arts of Ellet and Wadsworth,

Every chapter in life has a beginning, and an end.

After two years of being a part of our team, Dr. Danny Chirla has decided to move back to his hometown of Houston, Texas. I would like to thank him for the time he spent with us and for being a part of our team. I wish him all the best as he takes all that he has learned here and continues to practice dentistry closer to his immediate family and friends.

At the same time, I am very excited to introduce **Dr. Christopher Bej** to our practice! He joined our team recently and his primary location is the Wadsworth office. Many of you have already had the opportunity to meet him!

"The other Dr. Chris", is a Cleveland, Ohio native!

He graduated from St. Ignatius High School, completed his undergraduate education with a B.A. in Biochemistry from John Carroll University, and achieved the degree of Doctor of Dental Medicine (D.M.D.) at Case Western Reserve University School of Dental Medicine, my Alma Mater!

We are all pleased that he is joining our team full time, and is bringing his talents to this area! I am confident in his professional and personal impact as he meets our patients' needs in all aspects of general dentistry: fillings, crowns, gum treatments, dentures, root canals and surgery. His friendly, happy, compassionate, gentle and caring personality is already enjoyed by everyone in our practice.

Whether it is your first time seeing a dentist, or even if it has been a few years, Dr. Chris Bej will deliver the motto of the Dental Arts' practice:

"You should not have just a dental appointment; rather, you should have a **dental experience!"**

Outside the office, Dr. Bej is a big Cleveland sports fan! He loves exploring the Cleveland food scene for sure, and relaxes by spending time with friends and family: one of Dental Arts' signature trademarks.

Please help us welcome him!

Sincerely,

Dr. Cris Chirla
